PARENT/CHILD INDUCTION

- **After your first enquiry** you will be invited to look around the Pre-school and discuss your child's needs. This visit will give you the opportunity to ask questions about the pre-school, the staff, our activities and routines.
- **We recommend** that you and your child spend some time at the pre-school prior to your child's start date. These visits will familiarise them with the pre-school environment and staff and in turn will help your child to settle on their first day.
- **There are forms that you will need to complete** regarding emergency contact details and other information concerning your child's health, such as their G.P.'s name, if they have any allergies or dietary requirements plus permission for local visits, photographs and so on. These forms are found at the back of this induction pack along with an Application Form.
- **We expect you to keep the pre-school informed** of any changes of address, contact numbers or other relevant details.

PARENT/PRE-SCHOOL PARTNERSHIP

- **We keep parents/carers informed** of the children's progress or forthcoming events using The Early Years Foundation Stage Child Profile's, discussions at start and/or end of session, parent/key worker interviews, newsletters, facebook, web site and notices.
- **We encourage Parents/carers to help** and have a parent helper's list on the notice board.
- **Periodically we carry out surveys** so that we can assess customer satisfaction.
- **Pre-School Policies** are on display and can be viewed at any time. Please read through these and let me know if you wish to be involved in the review and updates of these policies.

CURRICULUM

The Saplings Pre-School follows the Early Years Foundation Stage (EYFS) of education as suggested patterns of a child's development and has defined its curriculum for the three areas of the pre-school, Saplings (three to five), Seedlings (two to threes) and Acorns (under twos). We keep some observation records on each child to monitor their achievements and rely on the staff's professional expertise to assess their development. The records can be viewed at any time by you, as a parent and are gathered as evidence to back up staffs' professional judgement.

The guidelines followed, are those set by OFSTED (Office for Standards in Education) promoting the effective learning through structured play and the teaching of a curriculum within the five outcomes of Every Child Matters, Be Healthy; Stay Safe; Enjoy and Achieve; Make a Positive Contribution; Achieving Economic Well-Being.

Our planning follows the Ofsted inspection framework of:

'Intent' – What do we want the children to learn?

'Implementation' – How do we help them to progress across the areas of learning?

'Impact' – How do we know what we have done has helped the children to learn?

We offer a progressive range of activities and experiences, which enable us to meet the individual needs of the children within the seven areas of learning and development within the EYFS and we take account of child led activities and interests within our general themes:

Personal, Social and Emotional Development – Prime area of learning

In a safe, secure and stimulating environment, children are encouraged to work independently, to join in-group activities, sharing and co-operating with other children and adults. Children are encouraged to develop confidence, to respect themselves and others.

Physical Development– Prime area of learning

This area of learning focuses on providing opportunities to develop and strengthen children's physical fitness and manipulative skills, using gross and fine motor movements. Children are encouraged to develop spatial awareness, control and co-ordination.

Communication and Language– Prime area of learning

Children are encouraged to extend their vocabulary by talking and listening.

They are also encouraged to use and enjoy books, learning through time that words and pictures carry meaning; and when they are ready, to use drawn and written symbols for themselves.

Mathematics – specific area of learning through which prime areas are strengthened

Children become familiar with sorting, matching, ordering, sequencing and counting activities, this forms the basis of early mathematics. Mathematical language is encouraged to describe shape, position, size and quantity.

Understanding the World– specific area of learning through which prime areas are strengthened

This area of learning provides a foundation for the children's developing knowledge and understanding of their environment, other people and features of the natural and man-made world including age appropriate ICT.

Expressive Arts and Design – specific area of learning through which prime areas are strengthened

This area of learning focuses on developing ability to express ideas and feelings in a creative way. Children are encouraged to use their senses to explore colour, texture space and shape.

PRE-SCHOOL ROUTINES

On Arrival

Please wait outside the main entrance of the pre-school until the doors are open. Please leave any of the ride on equipment where you found it before bringing your child into the pre-school. If staying for lunch please place lunch box on lunch trolley outside the main entrance. Please remember to put an ice pack in your child's lunch box.

On Entrance

Place your child's school book bag into their personal drawer and hang up spare clothes and coats on the labelled peg provided and place wellington boots clearly labelled underneath their peg. Encourage your child to hang their registration disc onto the rainbow welcome board on arrival to pre-school. This disc is used later during the day to indicate that they have had their mid-morning snack. Encourage them to place their drinks container on their drink mat on top of their photograph. If in nappies or pull-ups please pass your change bag over to a member of staff.

During their Session

Saplings' children will be encouraged to sit for a short period of time for registration/circle time when they have the opportunity to provide news or enhance our theme with their own experiences and thoughts. This time strongly encourages critical thinking, enhances their knowledge and allows them to engage in sustained shared thinking. This time is indicated by shaking a tambourine.

End of Session

Children are encouraged to sit for a story before going home. This may be at 12 noon, 3pm or just before closing time at 4pm. Children are encouraged to assist with tidying up.

Eating whilst at pre-school - Children are strongly encouraged to sit down to eat.

Breakfast is provided before 9.00am – cereals and/or toast with a drink.

For mid-morning snack sometime between approximately 9.30am – 10.30am groups of children sit at a table when they chose provided there is a space. They are offered a choice of freshly chopped fruit and/or vegetables which they can chop further with a knife, crackers, cereals or popcorn and occasionally they make their own sandwich, fill pittas or roll wraps.

Lunchtime children must be provided with their own lunch box. Lunch starts at 12.00pm. Due to Health and Safety reasons, the pre-school accepts no visitors or show arounds during the lunch period and for the same reason those children due to attend at 12 noon are required to arrive promptly so as not to shift staff attention away from those children eating their lunch. Children must arrive or leave at 12 noon and the next collection or start time is 1pm.

Please limit the number of items and do not include chocolate, sweets, nuts or nut products. Please ensure that you chop grapes, tomatoes, olives and cocktail sausages length ways due to choking hazards.

Afternoon snack is after 3pm – toast or crackers with spreads and a drink. Occasionally, following a cooking activity, children eat the item they have made for their afternoon snack.

20 Use of Cameras and Photographic Images

20.1 Statement of intent

The intention of this policy is to ensure that parents/carers are aware of the use of and processing of images taken of their child/children during their attendance at The Saplings Pre-School. The procedures are to reduce the likelihood of any allegations of misuse of images to safeguard children within our care.

20.2 Aim

The aim of using photographic images and video recordings of children are to provide an historic record of events during your child's early years in education.

20.3 Procedures

Provided parental permission is given, photographs are taken of children in attendance at The Saplings Pre-school. These are taken using a camera phone for official pre-school use. Images are captured and temporarily stored on a memory card within the camera and are printed by the colour printer in the pre-school office.

The images captured may be copied onto the laptop used for The Saplings Pre-School where they are stored for use within profiles for parents, for bottle mat within the classroom and uploaded to our Closed facebook site provided appropriate parental/carer consent has been provided.

The photographs are cropped and placed into appropriate child profiles. These enhance your child's profile and are yours to keep once your child leaves the Saplings Pre-School. These files can be viewed at any time.

Parents/carers are required to sign a permission slip to enable photographs to be taken and used in this way.

The pre-school laptop is regularly backed up onto a personal server administered by one of the Saplings Pre-School's Directors who holds a current Disclosure and Barring Service check as per the requirements of all staff within the pre-school setting. This back up is performed automatically and is to provide consistency of data and business sustainability of information.

The Saplings Pre-School also has a facebook page which is available to the public and can be searched for as 'The Saplings Pre-School' and a web site which is also available to the public www.saplingspreschool.co.uk.

In addition to this a facebook 'Closed Group' called 'The Saplings Pre-School Parents' Group' which parents have to be accepted on by one of the administrators.

There is a separate consent form for the use of photographs on facebook and the web. In all cases, provided a parent consents to images of their children on public media, they only include non-facial images thus protecting the use of your child's identity from the public.

A parent can, if they wish, agree to facial photographs being placed onto the 'CLOSED GROUP' within facebook.
